

MOD6D24V15W

6 DIODE NARROW ANGLE 3030 15W, 24V MODULE.
SINGLE PIECE UNIT.

6 Diode Modules are perfect for double and single sided lightboxes 10-15cm in depth.

IP20 rated and featuring a narrow beam angle, easy connection between modules a built in constant current circuit and a built in heat sink plate for heat dissipation. All with an unrivaled 5 year guarantee.

Rated voltage:	24V
Power Consumption per Module:	15 Watts
Current Consumption per Module:	0.625A
LED Type:	3030
LED Qty Per Module:	6 pcs
Colour Temperature:	7000K
Lumens per Module:	1200lm
Lumens per Watt	77lm/w
Beam Angle:	12x55°
Lifespan:	Upto 50,000 Hours
Distance Between LEDs	70mm
Wire Designation:	Grey(+) and White(-)
IP Rating:	IP20
Working Temperature:	-25°C +55°C
Dimensions per Module	25 x 420 mm
Maximum Linked Run	5 Modules
Mounting Screw Hole Size:	M3
Wire Length:	90mm
Housing Material:	Aluminium
